

Terra Bella Union School District

Acceptable Use Policy

Access to the Internet is a wonderful opportunity to interact with the world at large. The opportunity brings with it a number of responsibilities. Please understand that the use of any TERRA BELLA UNION SCHOOL DISTRICT computers, which provides access to the Internet, is a privilege that may be revoked by instructors, staff, or administrators at any time for abusive or inappropriate conduct. Such conduct would include, but is not limited to, the placing of unlawful information on or through the computer, accessing another person's files or e-mail, and the use of obscene, abusive, or otherwise objectionable language or images in either public or private files or messages.

Because of the potentially large number of individuals who might need to use the computers for Internet as well as personal productivity, student access may be limited to a specified time, as provided by the instructor(s) and/or administration. The district reserves the right to inspect any material stored in files to which users have access and will edit or remove any material, which the district staff, in its sole discretion, believes, may be objectionable. This includes text materials, video images, or sound files that may be considered objectionable. The district's Internet access is provided primarily for educational purposes. Non-educational use may be limited at any time.

As a user, you are responsible for the use of your password and account. Any problems which arise from the use of a user's account are the responsibility of the account holder. Any misuse will result in suspension of the account privileges. Deletion, examination, copying, or modification of files and/or data belonging to other users without their prior consent is prohibited. Commercial software is placed on the computer for the use and convenience of students and staff. Any unlawful use such as the copying of copyrighted material without the express written permission of the owner or the proper license is prohibited. Any unauthorized, deliberate action which damages or disrupts a computing system (including the willful introduction of computer "viruses" or other disruptive/destructive programs), alters its normal performance, or causes it to malfunction is prohibited. Intentional attempts to "crash" network systems or programs are punishable disciplinary offenses.

If you have any questions or objections to this notice, please contact info@terrabellaschools.org
